

A large group of people, mostly young adults, are running into the ocean waves at sunset. They are wearing various styles of swimwear, including bikinis and swim trunks. The water is splashing around them, and the sky is a mix of orange, yellow, and blue. The overall mood is energetic and celebratory.

SEXUAL HEALTH

A state of physical, emotional, mental, and social well being in relation to sexuality; it is not merely the absence of disease, dysfunction, or infirmity. Sexual health requires **a positive and respectful approach** to sexuality and sexual relationships, as well as **the possibility of having pleasurable and safe sex experiences, free of coercion, discrimination, and violence**. For sexual health to be attained and maintained, **the sexual rights of all persons must be respected, protected, and fulfilled**.
