

A photograph of four children running across a dry, grassy field. In the foreground, a boy in a red shirt and a grey cap is running towards the left, followed by a boy in a green and white striped shirt. To the right, another boy in a white shirt and plaid shorts is running. In the background, a fourth child in a red shirt is running away. The background is filled with green trees under a clear blue sky.

VALUES & BELIEFS

- Peers
- Media influences
- Faith
- Experiences

...others?

A 2009 United Nations report found that comprehensive sex ed, when taught effectively, allows young people to “**explore their attitudes and values**”, and to practice decision-making and other life skills they will need to be able to make informed choices about their sexual lives.”

United Nations Educational, Scientific and Cultural Organization (UNESCO). International technical guidance on sexuality education: an evidence-informed approach for schools, teachers and health educators. Volume 1: the rationale for sexuality education. Paris: UNESCO; 2009. Available from: http://data.unaids.org/pub/ExternalDocument/2009/20091210_international_guidance_sexuality_education_vol_1_en.pdf

In a qualitative study comparing the sexual attitudes and opinions of 130 U.S. and Dutch parents and teens, Schalet (2004) found 9 out of 10 U.S. parents forbid their teenagers to spend the night with a girlfriend or boyfriend at their house, whereas 9 out of 10 Dutch parents permitted such overnight stays.

Schalet, A. (2004). Must we fear adolescent sexuality? *Medscape General Medicine*, 6(4), 1–24.
